

Experimental Photography: A Handbook of Techniques

Filesize: 6.05 MB

Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

(Dr. Kayden Gerlach)

EXPERIMENTAL PHOTOGRAPHY: A HANDBOOK OF TECHNIQUES

Thames & Hudson Ltd. Hardback. Book Condition: new. BRAND NEW, Experimental Photography: A Handbook of Techniques, Marco Antonini, Sergio Minniti, Francisco Gomez, Luca Bendandi, Photography has always been about experimentation, and anyone who thinks the advent of digital imaging might have stopped photographers from inventing new ways to impress their film is in for a big surprise. Experimental Photography presents the most interesting and creative modifications for low-cost film cameras, manual printing techniques and unconventional use of the medium. The book accompanies the reader through the world of photography special effects and manipulations documenting techniques, approaches, experimenters, camera makers and their extraordinary creations. One picture at a time, Experimental Photography compiles a manifesto against visual homogenization.
